

Box 3, Dekhi, Ont. Can. Jan. 28th. 8pm.

Dear Wesley, Yours of Jan. 20th. reached us to-day. Glad you met these nice people the Cowell's. now you are on a camsite, doing all right. The idea that you got a job, is very remarkable, and it tickles me to think that you were so much in demand that you have a job for 2 weeks. Nice to be sought after. I was not aware that you had charge of the repair of the duplicator for Roviano. I think you mean that the duplicator is for printing purposes. Good, I am glad for your sake that the machine is running fine.

Good business selling the PUTT PUTT. for £45 for it, did you sell it much cheaper than you bought? Hope you did lose too much.

So you are still waiting on the 8th of Feb to come to embark, I trust you will have the best kind of a trip, seeing you are sure you are doing the right thing, don't let me or anybody interfere with your plans, even if you cancelled your passage to remain there, it would be your business,

Be sure you are right then GO AHEAD, Frankly I don't share your idea that S.C. is the PANACEA for the World's ills to be changed overnight. There are quite a number of single-track minds that become a joke, I would not like anybody to think you were off that type of reformer.

Your Mother is fairly well, even to day she got thru with the usual rests she must have. she is in bed now as I write this, I want you to get it before you sail. I went to Dr Mc Callum to day to get my ears washed out, I disliked to leave her so long but I could not hear her at all, since she has been sick her voice has been very low. Dr Mc C. was asking for her I told him how she was, He asked me had I to do all the work, so I told him my finances would not allow of my hiring any help, so I do all the work. He did not charge me for his work on my ears

Mrs Lloyd came sat with Mother while I went to church yesterday, The Mission to the Nation, is being carried on there is a three night rally in Simcoe, 27th 28th and 29th. they offered me transportation but I cannot leave your Mother even if they do have some one sit with her here.

The Birthday celebration was the best yet, so many flowers, so much of good things to eat, so many kindly CARDS I was afraid of the aftermath but none came, but she must be kept quiet.

Now I must switch off here, and get this off to-morrow. Wishing you the best that has been revealed to you, if you are on the right road you will get there, I will be glad to see you win. HE CAN, WHO THINKS HE CAN, and the reverse is also true. HE CANT, WHO THINKS HE CANT

Never expect DEFEAT, or, you will get it.

SUCCESS, is the leading light.

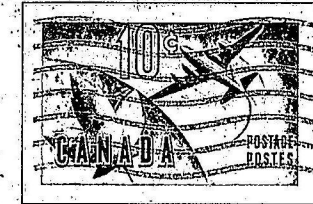

Yours as ever, Your Father,

William M. Leonard
