Dear Mr Leonard,

Interesting to read your letter in Sept-Oct FULL CRY The Editor has a footnote following your letter which I hope you will read.

It will be interesting to hear how you are progressing with S C in Ontario I have been a convinced Douglas man for THIRTY ONE years and we still "preach" the gospel of his message.

You have not yet produced the full programme of Douglas When the Alberta Government and British Columbia too, tie their DIVIDENDS to their policy they will have Social Credit, but they are phony . They CLAIM the title Social Credit which they are not entitled to use BUT Douglas told us that that is what would happen and it has.

Alberta Government has ~~ever~~ been cleverly steered into the position they now have, by what we call the STEALTHY ONES.

Do not forget we are the very centre of the ~~opposition~~ opposition to Social Credit. ONE CANNOT GET A LETTER IN THE NEWSPAPERS OR ANY MENTION OF S C on B.B.C. programmes. What do you want us to do, chain ourselves to the railings in DOWNING STREET

Sincerely,

Arthur E. Garrison
